It is indeed overwhelming to learn that Multani Mal Modi College Patiala is celebrating its Golden Jubilee this year. I take pride in writing this message for the souvenir that is to be released by the college management on this fabulous occasion, highlighting the long-standing achievements during these years of its existence.

Starting from its year of inception, way back in the year 1967, this institution has grown to be one of the most sought after institutions for undergraduate and post-graduate courses. Tracing its growth, it is evident that the Management of the college has expanded its horizons, embracing the changing needs in the field of education. The college has indeed personified itself to stand for quality education.

The college is striving towards greater heights with its dedicated teamwork and resolute efforts. I believe that it is the collective contribution of each member, who has been a part of the illustrious history of this college, has brought it to the high pedestal it stands on today. I am sure that the students here not only imbibe qualities to set academic standards, but also the social skills to excel as promising citizens of tomorrow. As I look ahead, I can envisage that the college will grow in pursuit of higher standards of education. My good wishes will always be with the college. May the Almighty shower his choicest blessings to this college for it to flourish further.

Message

I am glad to know that Multani Mal Modi College, Patiala has completed 50 years of its establishment in 2017 and the college is celebrating its Golden Jubilee year. It is a moment of proud for the Managing Committee who has worked with full commitment to fulfill the dreams of its founder, Rai Bahadur Seth Gujjar Mal Modi, Padma Bhushan awardee, in making M. M. Modi College as one of the premier educational institution of the region. The students and alumni of the college are bringing laurels to the college. The college has produced many renowned personalities / academicians who are serving the society.

I congratulate the entire family of M. M. Modi College on this occasion who have together travelled a long distance in taking the college to new heights. In the last I sum up saying the poem written by Robert Frost:

"The woods are lovely, dark and deep,
But I have Promises to keep,
And miles to go before I sleep,
And miles to go before I sleep".

Message

The Multani Mal Modi College has gained a well-respected reputation for innovative teaching and learning in the education sector of Punjab. I believe that dedicated institutions like Modi College ensure that our nation's youth is given the opportunity to undertake comprehensive education programmes which are directly aligned to the growing needs of the country.

I have learnt that the college produces exemplary academic results, and also churns out students who make their mark in extracurricular and cultural events in the University Youth Festivals. The college also has a praiseworthy trail in the arena of sports for the past many years and is amongst the leading contributors adding to the achievements of the Punjabi University Patiala.

Being a proud alumnus, on this spectacular occasion of its Golden Jubilee, I wish many more years of fruitful existence to this college and may it continue to provide the students with a rich, holistic education, where a lifelong passion for learning is nurtured.

Chairman's Message

I reminisce over the fifty glorious years of Modi College, Patiala as the College is celebrating its Golden Jubilee and releasing a souvenir on this momentous occasion. My revered uncle Padam Bhushan Late Rai Bahadur Seth Gujjar Mal Modi, who was a true philanthropist and a generous patron of education, established this college in 1967 with a prophetic vision of making it the best co-education institution in the vicinity. He also set up many schools and colleges at Modi Nagar to spread the light of knowledge.

I feel proud to carry forward the beacon of knowledge lit by my forefathers and sincerely assay to stay true to the lofty ideals cherished by them. In a span of 50 years, the sapling of Multani Mal Modi College, Patiala has thrived into a magnificent garden of learning. Since then, it has expanded its horizons and gradually clinched a foremost and noteworthy position among institutions of higher learning in Northern India. It is heartening to note that our efforts have begun to show desired results in the towering achievements of our students in every field. Our alumni, who have attained positions of eminence in various fields, bear a testimony to the productive collaborative contribution of every Modiite. As I look ahead, I can visualize that the college will grow in the pursuit of higher standards of teaching and research.

With great pleasure, I and my wife, Smt. Rani Modi congratulate the Principal, Staff and students of M M Modi College on the Golden Jubilee celebrations and extend heartiest thanks to the parents and well wishers of this institution for their inputs and support.

Message

Golden Jubilee in the life of an educational institution is an occasion to celebrate the success of plans and polices of the management and commitment of the staff and students over the last 50 years of its launch. Today, Multani Mal Modi College is a name to be reckoned with in the list of valued institutions of higher education and it is so for a reason. There is a long list of its students who have excelled in academics, sports, co-curricular activities, politics, administration, armed forces and social service. The Management of this college encourages the students to learn the value of hard-work and honesty in purpose.

I congratulate the Principal, Staff and Students of this college on the completion of 50 years of its successful working and pray for its long term leading role in the service of the noble cause of providing education to one and all.

I am extremely delighted to share that a dream project started by the elders of my family has completed 50 years of its dedicated service. It is doubly satisfying that it has not only just completed fifty years of its life, it has lived up to the expectations of its founding fathers. We, the members of the Managing Committee of this college always strive hard to keep the college abreast of the latest developments in the field of education.

I congratulate the principal, staff and the students on this historical occasion for having earned an honorable position recognized by the UGC and the NAAC and I hope they will rededicate themselves to maintain this status along with the values of the elders.

I pray to the Almighty to bless us all to serve the society honestly!

All Institutions are made of Brick and Mortar, but it is the values which institutions imbibe that give it credibility. Institutions of learning have a major role to play and with full confidence, I can vouch, that Multani Mal Modi College, Patiala is an Institution which has been built on sound principles, which imparts quality education, coupled with moral values of life and much more.

Multani Mal Modi College has also shown that it has the potential of growth and sustainability. Its growth pattern has been phenomenal and excellent in all parameters.

Multani Mal Modi College not only excels in education but also in sports, cultural and extracurricular activities.

Conferring the college with CPE-II by University Grants Commission is a tribute to the visionary ideals and to its mentors.

My best wishes to this great institution for a bright future.

Message

I feel nostalgic while writing this message on the occasion of Golden Jubilee Celebrations of my Alma Mater, Modi College which was founded in July 1967 by late R B Gujjar Mal Modi in the sacred memory of his father late R B Multani Mal Modi. I joined this great institution as the eleventh member of the team on October 4, 1967 only to mark time as I had imminent plans to go to the US for higher studies. Most of my colleagues were fresh from the universities and took teaching synonymous with leisure. But our Principal, Dr. H R Juneja, a renowned teacher of Chemistry was cast in an altogether different mould - a hard taskmaster who would goad us to bone-breaking work. "Duty is the stern daughter of God" was his constant refrain. Whether or not God procreated such a relentless daughter, I still do not know but undoubtedly Dr. Juneja was her sterner male version. For him if morning was the time for serious work, afternoon meant hard work and the evening demanded finishing the pending work. And then at the end of the day, he would reward us all with a lot more work which could not be completed even till late night.

We all resented and sulked. Every morning like "the whining school boy, with his satchel (full of notebooks of the students)", each one of us would "creep like snail unwillingly" to the college. Though still sleepy and haggard, we had to feign cheerfulness. A fresh and beaming Dr. Juneja would be at the college gate to assign us the work of the day that had just begun. A few of us who had no encumbrances wanted to run away and they did. For the rest, the circumstances so connived that they had to stay put- I belong to that species, the fittest who survive. Dr. Juneja was ahead of his times and he knew that the foundations of great institutions could be laid only with hard work. Nevertheless, he left an indelible mark on us. He taught us that only hard work is the true form of worship.

And then came Dr. H R Jindal--same initials (HRJ), belonging to the same discipline, Chemistry; same DAV-US fused training and of course the same workaholism of Dr. H R Juneja. He brought with him a wind of change – he spiced work with affection and love. Very knowledgeable, an excellent teacher and a great administrator, Dr. Jindal had the longest tenure of thirteen years as the Principal. No doubt, everything in the college bears his stamp – he raised its status to dizzying heights of glory. The magnificent college building was completed in his time and dignitaries of the stature of President of India, Giani Zail Singh (the then Chief Minister of Punjab), President K R Narayanan (the then Vice Chancellor of JNU), Seth G M Modi, Seth K N Modi visited the college. While facing a host of difficulties smilingly, he subtly passed on the message that "perseverance is the hinge of all virtues".

My immediate predecessor, Sh. S R Sahni had the longest stint of seven years after Principal H R Jindal. Before him, Sh. O P Dhiman, Sh. O P Vijh and Sh. R K Phul graced the Principal's chair. Each one of them had endearing qualities. Whereas all the earlier Principals were father figures to me, Sh. S R Sahni was more of a brother than a Principal; friendly, affectionate and full of concern. I saw in him the sparks of Dr. Jindal- he never buckled under pressure.

For me it was a great experience to work with these doyens. If I learned the art of teaching from one, the other taught me how to be composed and sober even in the most turbulent of times. Barely did I know that I was silently being groomed to carry on their job one day. But I am a miniature of their tall statures. In fact, it is their training that has been helping me in serving this great institution for the last fifty years in various capacities.

It was Sh. S R Sahni who took the bold initiative of starting professional courses like BMIT, BCA, PGDCA etc. with the limited resources and space in the main college building. The state-of-the-art Seth H R Modi Centre of Computer Sciences and Business Management conceived during his tenure, came into being after he passed the baton to me. With the unstinted support of Chairman Seth S K Modi and the able guidance of late Gp. Capt. B P Puri, this gigantic project was completed in 2002. I still cherish the fond memories of that time when my colleagues: Prof. M L Malhotra, Prof. F C Badhwar and Prof. R R Syal toiled harder than me to see the project through in less than two years. And it was also that period when faculty members sat for late hours in the evening to finalize the NAAC report which ushered in the present spectacular progress.

Dr. Satish K Bhardwaj took over the reins of the college after a short stay of my successor, Dr. V K Sharma. During his seven years, the college made rapid strides in all fields, touched new heights in sports and a large number of postgraduate courses were launched. Due to his untiring efforts, UGC conferred on our college the status of "College with Potential for Excellence". Dr. Bhardwaj; unassuming, suave and hardworking, was instrumental in setting up labs in PG Block and building an imposing Commerce Block to meet the growing student influx. I have many pleasant memories of working with him as a member of Modi Educational Society.

After the superannuation of Dr. Satish K Bhardwaj in 2014, the responsibility of guiding the institution devolved on the shoulders of a young and dynamic educationist, Dr. Khushwinder kumar . His assuming the office marks an important stage in the history of the college. Though younger than the college itself, his wisdom and maturity coupled with sincerity of purpose is evident the way college is making all round progress: Reaccredited by NAAC with grade "A" – 3.26 CGPA and

College with Potential for Excellence CPE (II) by UGC. He has a good innings to play and is all set to take the college to further heights of glory. His is a story in the making.

Institutions never take a hiatus. The account of these historical reflections would, therefore, be incomplete without mentioning the dedicated services of my revered colleagues: late Dr. R N Trikha, late Dr. Shanti Khanna, late Sh. O P Sharma, Sh. Sushil Kumar and Sh. S B Mangla. They stood guard at uncertain and often difficult times to perform the duties of a Principal assigned to them by the Managing Committee.

It is also the most appropriate occasion to pay homage to our former Chairmen , late Justice G L Chopra and late Padma Shri Dr. Khushdeva Singh who guided the destiny of the college in its formative years . We are also indebted to our star-studded faculty and the staff who contributed their might to nurse the college from its infancy to the present towering status.

The labour of bygone arduous years is bearing fruit. We are proud of our innumerable students, who as administrators, doctors, engineers, army officers, industrialists, actors, singers are spreading their fragrance throughout the country and abroad. Name a profession and there is a Modiite excelling himself or herself. How did it all happen? Hard work with dedication.

This recapitulation of the history of our Alma Mater and my own evolution conveys the message – whatever appears murky and dismal to begin with, turns rosy and heartwarming with dedicated hard work. Toiling without expectation of a reward is true *karma*, i.e., action. Only *karma* is real. All else is a matter of belief.

"Live thou in action, so labour, strive, work.
Make thy actions thy worship to the Lord,
casting ego aside." (The Gita)

We all feel proud of being Modiites. And an honest-to-goodness Modiite would be Moral, Obedient, Disciplined and Industrious - a MODI in the true sense. And for a Modiite :

"Let chastity be the Smithy, patience the Smith,
Understanding the Anvil, knowledge the Tools,
Discipline the Bellows, austerity the Fire,
Devotion the Pot, immortality the Mould" (Japji)

Message

It gives me immense pleasure to know that Multani Mal Modi multi-faculty Post Graduate College is celebrating its Golden Jubilee in December, 2017 and releasing a souvenir to mark the occasion. The college was established by Seth Gujjar Mal Modi in the memory of his revered father Seth Multani Mal Modi. It was a benign gesture on the part of Seth Gujjar Mal who established an institute of higher learning with the aim of providing quality education to young students. It was an ambitious plan and I am happy to observe that his efforts have borne rich fruit.

The institution has travelled a long distance since 1967 and has registered a remarkable growth. The combined efforts of a very enlightened management and successive Principals have ensured a status of distinction for the college. The UGC has recognized the stature of the Institution by declaring it "College with Potential for Excellence". It is a richly deserved recognition indeed.

During the five decades since its inception there has been a great diversification of courses being serviced in this institute and the college is now a proud name in the region as an institute maintaining high standards of instruction and results.

A Chinese proverb says, “If you are planning for a year sow rice, if you are planning for a decade plant trees, and if you are planning for a lifetime impart education to people.” Seth Gujjar Mal Modi had a great vision. He knew the value of education and he wanted to contribute to the national movement of educating young minds and spreading enlightenment all around.

I seize this opportunity to extend my good wishes to the students, the members of the staff, the Principal and the Management for a bright future of the college.

It gives me immense joy to write a message for the Souvenir to be published in Commemoration of the 50th Year Celebrations of the Multani Mal Modi College. A Souvenir is a tribute to the past. It is a symbol of gratitude to those who had laboured untiringly to make the Institution great and a memento honouring those who helped it to earn a name. I have fond memories collected and retained of the years I worked as the Principal of Modi College, 1st December 2006 to 31st December 2013, to be precise, and I still enjoy the fortune of basking in the warmth of those wonderful days.

As I reminisce my days at the Multani Mal Modi College, my heart is filled with joy, admiration and pride for the platform which the college has provided for the youngsters of the region. Four years ago I retired as the Principal from the college after rendering the services for more than seven years. Before and after this duration, I have served in different institutions of Himachal Pradesh and Punjab, and I have found that the management and administration of this institute is unique. The fertile soil provided by the management for the growth of the career of not only the students, but for the employees also, is excellent. I wish that the college should grow manifold and be one of the top colleges of India.

I cannot at this moment resist the temptation to share with you some of the milestones that Modi College crossed during my tenure and in the recent past. It was an endeavour to keep the institute in pace with the changing scenario in the field of education, and with this in mind, the post-graduate courses were initiated in Chemistry, IT, Fashion Technology and Pharmaceutical Chemistry. The added new courses were inspirational for the research programme to be introduced in the college. With a strong support from the college authorities and with the undying efforts of the students, the sportspersons of this institution have excelled in many events by winning "Maharaja Yadvindra Singh Trophy" (Men) for many years and "Raj Kumari Amrit Kaur Trophy" (Women).

The hard work and sincere efforts of the staff with the blessings from the management led to positive accomplishments. The college was also conferred by the UGC with the status of “College with Potential for Excellence” during the session 2008-2009, another landmark achievement by the college.

I congratulate the Modi College Family, led by the dynamic Principal Dr. Khushvinder Kumar, on this very special occasion. He is working untiringly in taking the college to higher levels of excellence.
I wish all the students a very bright and promising future.

Principal's Message

Half a century is enough to test the consistency of commitment to a value. It was 1966 when Padam Bhushan Rai Bahadur Seth Gujjar Mal Modi took the initiative of giving practical shape to the quality education at affordable price envisioned by Modi business house. On 21 Sept. 1966 foundation stone of Multani Mal Modi Degree College was laid in the memory of Rai Bahadur Seth Multani Mal Modi. Founder Principal Dr. H. R. Juneja accepted the challenge of establishing this premier institute in 1967 to the level of par excellence in the royal city Patiala, already an education hub of the state. Elites of the city, Justice G L Chopra, Dr. Khushdeva Singh, Seth Chiranjee Lal and S. Amar Singh Kamboj joined hands for his Mission of forward looking institute. Team of founder teachers J D Sharma, Dr R N Tikha, Dr Shanti Khanna, J C Katyal, J C Jindal, H S Chimni, Y P Bajaj and Surindra Lal were selected from across the northern states for their deep understanding of the subject and sheer commitment to the education profession.

It is now fiftieth year of the establishment of Multani Mal Modi College, time for jubilee celebrations. Jubilee is not only time to be jubilant but to reaffirm your vision and mission; assess and realign your actions.

The vision stated half a century ago is not only relevant, it is rather more indispensable in spreading the ambit of higher education in present times. As an envisioned epitome of human development, the large fleet of civil servants,

50 Years Celebrating Golden Jubilee

higher defense personnel, doctors, engineers, educationists, charted accountants, businessmen, artists and legislators stand testimony to the fulfillment of mission of producing humane adults conscious of contemporary societal concerns.

The continuous growth from 3 Undergraduate streams at the time of establishment to 12 Undergraduate, 9 Postgraduate and 2 vocational courses offered at present is evident of the vision of forward looking institute. Large number of university gold medals, merit lists and even chancellor's medal in academic, Maharaja Yadvindra Singh - Punjabi University General Championship (Men) and Rajkumari Amrit Kaur - Punjabi University General Championship (Women) trophies year after year in Sports, 'Best NSS College' of the University, titles conferred repeatedly for social service and participation of NCC Cadets in RD Parades are strong enough to vindicate the claim of quality education.

The institute started with 7 teachers has about 150 teachers on roll to nurture the 4500 young curious minds across two dozen courses.

The management under the leadership of Seth Sudarshan Kumar Modi is providing the philanthropic support committed in the vision statement despite the turbulent times in contemporary Indian higher education. The unconditional support provided by the management has made it possible for the institute to provide an enabling environment for the development of young minds. The efforts of all my predecessor Principals and teachers served during half century made Modi College an enviable name in not only the Malwa region of Punjab but in the north Indian states.

As stated by Prof. Yash Pal Committee "University/College is a place where, creative minds converge, interact with each other and construct visions of new realities. Established norms of truth are challenged in the pursuit of knowledge." I assure the stake holders that the college will continue to come true on this parameter of quality higher education institute. I take this opportunity of golden jubilee to congratulate the past and present students and assure the enabling environment for generations to come. I also take this opportunity to express my gratitude to the management, my predecessor principals, teachers, non-teaching staff and all those who contributed in the making of Modi College a prestigious institute.

Message From Editor's Desk

Prof. (Mrs.) Baljinder Kaur

We feel proud to be associated with Multani Mal Modi College, Patiala which is going to complete its fifty glorious years in October, 2017. Beginning on October 21, 2016 a number of academic, cultural and sports activities are being organized to commemorate this golden event. As we look back at the history of the college, we are captivated by the nobility and grandeur of its founders. Padam Bhushan Late Rai Bahadur Seth Gujjar Mal Modi laid the foundation stone of the college in 1966 as a tribute to the memory of his illustrious father late Rai Bahadur Seth Multani Mal Modi.

The college was established in 1967 with the far-sighted vision of providing good quality education to the youngsters and producing citizens who in due course of time will prove to be the pride and wealth of our nation. Our founder was a colossus of vision and enterprise, a dedicated patriot, unstinting patron of Education and who gave timely and liberal help to all. He was awarded the title Rai Bahadur by the British government in 1941 and in 1968, on the Republic Day, he received the Padam Bhushan for his long and devoted service to the nation. We bow our head in reverence before this great personality who was a legend in the world of industry, education and philanthropy.

Multani Mal Modi College, which started as a degree college, presently houses more than 4500 students offering varied courses in various disciplines both at graduate and post graduate level. In a span of fifty years, the college has evolved and grown stronger only to emerge as one of the prestigious institutions on the educational map of the region. The remarkable growth and enhanced prestige of the college is owed much to the inspiration and magnanimity of its founders, the keen interest taken by the members of the management, hard work of its stalwarts; ex-principals of the college, the enlightened guidance of the present head of the institution, co-operation of the parents and cumulative efforts of the staff and students.

Currently, under the awe-inspiring patronage of Seth Sudarshan Kumar Modi, the college stands tall in its achievements. We salute and thank the Modi family for their rich contribution to the cause of education.

Friends, we all belong to this institution; hence our responsibility towards it is all the more great. Let us, on this day, resolve to give our best to this institution and make productive efforts to uphold the grand ideals cherished by its magnanimous founders.

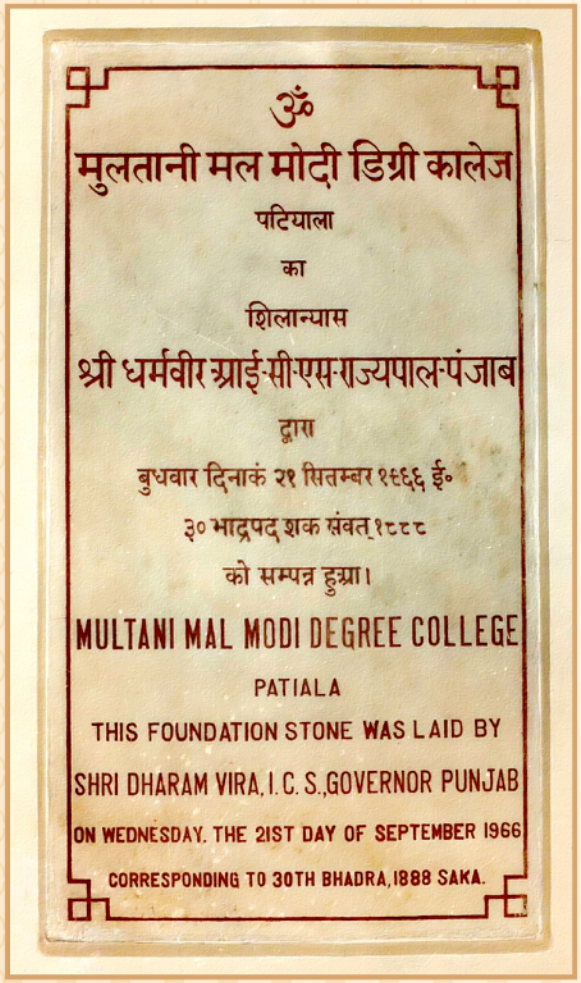
MULTANI MAL MODI COLLEGE

Turns 50



M M Modi College, Patiala has its genesis in the entrepreneurial history of India. Rai Bahadur Seth Gujjar Mal Modi, a legendary figure in the annals of Industrial Houses of India, founded this college in the fond memory of his illustrious father, Rai Bahadur Seth Multani Mal Modi on 21st October, 1966 and first session of the college started in July 1967. Seth Gujjar Mal Modi, being the eldest son of the family, joined his father's Patiala Flour Mill at a very young age and started working in the accounts section. His intense desire to learn and propensity to understand enabled him to read books of commerce, management and technology. To him, Patiala appeared too small a place to accommodate the industrial empire, he envisioned. He moved to Modi Nagar, a city named to recognize his contribution and established his industrial units there. The success of this genius enabled the Modi Family of Patiala to be counted among 20 Big Industrial Houses of India. He believed that the underlying principle for the development of the nation is to provide quality education to the people and that was the noble thought behind the establishment of Modi Education Society under the chairmanship of Justice G L Chopra. Padam Shri Dr Khushdeva Singh, Seth Chiranji Lal Ji and Sardar Amar Singh Kamboj were the founder members of this society. The choice of these members reflects the understanding, concern and commitment of the founders for the cause for which the society was set up. The philosophy of the management to impart 'Quality Education at Affordable Cost' has remained the guiding force for the Society since then. Throughthe liberal financial support to build state of the art infrastructure, enlightened managerial guidance and dedication and commitment of the principals and staff, this college is presently listed among the top colleges of this region.The people of this royal city and surrounding areas have patronized this college since its beginning.

Seth Sudarshan Kumar Modi, the present Chairman of Modi Education Society, followsthe philanthropic spirit of his elders religiously. Forward looking and transparent managerial style, coupled with ethical values of the Modi family are the hall marks of the present Managing Committee of the college. Its ability to grasp the undercurrents in the field of education and start new courses well in advance to match the needs of the society always keepsthis college ahead of others.

M M Modi College, Patiala has a long list of its achievements over

the last 50 years in the field of academics, sports and co-curricular activities. This is evident from the positions its alumni hold. Many of our students have joined both All India and State Civil Services and are currently holding top positions in different departments. Some of our students are leading doctors and engineers in India and abroad. The list of Modiits also include Members ofParliament, brave soldiers, acclaimed artists, sports persons and famed cinematic personalities.

This co-ed institution offers Graduate and Post-Graduate courses in arts, commerce, science, computer, management and fashion technology to around 4500 students. We offer post-graduation in 9 subjects and B-Voc in two subjects.

The Tribune survey of Guide to Best Colleges of northern Indian states has placed our college among the top 10 colleges in Commerce and Science consecutively for the last five years. This college is the winner of Maharaja Yadvindra Singh Trophy(General Championship-Men) and Rajkumari Amrita Kaur Trophy (General Championship-Women) in sports for many years. Our college is acknowledged as the biggest contributor in the total marks required for winningAll India MAKA Trophy by the Punjabi University, Patiala for years together.

Our college has a Central Instrument Lab equipped with latest and advanced instruments used in conducting experiments and chemical analysis by the research scholars of our college. This lab is also used by the students of other leading universities as well as by the industrial units of the region. We have fourComputer labs, one Software Lab, one Multi-Media Lab and one Language Lab. We also havetwo labs each for Physics and Chemistry, one each for Botany, Zoology, Biotech, Pharmaceutical Chemistry, Physical Chemistry and Food & Nutrition, which provide necessary infrastructure and enabling environment to enhance their competencies. Apart from this, the college has MOU(Memorandum Of Understanding) with IT companies to guide the students and provide technical training they need.

We have an impressively rich and fully computerized library where more than 62000 books on every subject are available for the students and the staff of this college. We subscribe to 70 Journals and magazines and 23 newspapers regularly for keeping the students and the staff well aware of the latest developments in their respective subjects. The facility of INFLIB NET is of immense use to the teaching staff.

An in-house designed fully computerized MIS (Management Information System), Udaan, is working very effectively in the college to keep record of all the students. It is also used for all administrative needs of the college. This system has enabled us to move towards cash-less operations.

The college is located right in the middle of the city which puts constraint on the space available for physical growth. But despite that constraint we have added one new block for the Commerce Faculty and expanded the parking facility for the students. In the next round of adding new class rooms, one new floor will be constructed before the start of the new session in 2018.

Principal Dr Khushvinder Kumar has infused a new spirit in the staff to participate more devotedly in research and publishing. He has planned to record lectures and make the learning material available to the students online and with God's grace; it will not be long before all students can use it to improve their academic achievements.

In recognition to the consistency in providing quality education over the last 50 years of its existence, this college has been reaccredited by NAAC (National Assessment and Accreditation Council) with Grade Excellence-II (CPE-II) in recognition of various initiatives undertaken to introduce new courses and promotion of research projects.

Since eons, the tradition has been that passing generation conditions the upcoming with their definition of success. An educational institution is a place where different generations interact continuously to learn and teach new ideas. This interaction can be more probing and purposeful when the environment is conducive. I am sure, with the blessings of our elders, enlightened direction of the management, supportive leadership of the principal and deep sense of devotion to the duty ofthe staff, this college will always strive to create that environment. I wish M M Modi College, Patiala continues to maintain its place of eminence in the service of imparting quality higher education and set new standards of success for its students.

Students' Support Services

NATIONAL CADET CORPS (NCC)-Unity & Discipline!

The National Cadet Corps is an organization aiming at the development of leadership, character, comradeship, spirit of sportsmanship and the ideal of service among the youth in educational institutions. Unity implies our basic oneness and Discipline is the very bedrock on which any growing nation is founded. The college has an NCC Coy. comprising of 55 cadets. The NCC Coy. for girls has 41 cadets on roll . Training to students (cadets) is given through drills, parades, camps and various outdoor activities under the guidance of NCC Officers.

NATIONAL SERVICE SCHEME (NSS)-Not me but You!

Launched as a student youth service programme, in the Mahatma Gandhi Centenary year 1969 National Service Scheme (NSS) aims at arousing social consciousness of the youth with an overall objective of personality development of the student through community service.

Regular Activities :

Women Empowerment, Helping Social Welfare Institutions Career Guidance, Blood Donation Camp, Projects on Environment, Tree Plantation, First-aid, Traffic Regulation, AIDS Awareness

Red Ribbon Express Club

Red Ribbon Express Club has been constituted in the college to spread the message on AIDS Awareness in their immediate environment. The relevant information, educational and communication material is demonstrated and disseminated to the college students.

Legal Aid Awareness Club

This club aims to make the students aware of their fundamental and legal rights. We take the support and services of eminent lawyers in conducting seminars which highlight the most commonly occurring legal problems in a student's life and solutions for the same.

Junior /Youth Red Cross

The college boasts of the 50 -member Junior / Youth Red Cross team involved in relevant activities.

CO-CURRICULAR ACTIVITIES

Co-curricular activities play a very significant role in developing the personality of the students. We provide opportunities to the students to participate in literary, cultural, theatre and fine arts activities. By participating in Youth Festivals and other competitions, the students add a new and meaningful dimension to their personality, thus fulfilling the desired purpose of education and learning.

The annual Talent Hunt Competition facilitates to pick out the talent amongst the young generation of enthusiastic students possessing an artistic bent of mind. The students compete in the areas of Oratory Skills, the varied forms of Music & Dance, and also venture into realms of Fine Arts & Theatre/Dramatics.

CAREER COUNSELLING AND PLACEMENT CELL

The college has a dynamic and a well established Career Counselling & Placement Cell. The career counselling & placement cell looks after the useful and purposeful Career Guidance Programs (CGP), Soft Skills Programs, Personality Development Programs (PDP) and Project Guidance. After training programs, campus/off-campus interviews are arranged for eligible candidates. The CC&P Cell continuously interacts with the renowned MNCs and reputed companies for creating more employment opportunities.

COLLEGE MAGAZINE - The Luminary

Annual publication of the college magazine The Luminary is a regular feature of our college. Not only does it provide an authentic and systematic record of the achievements and endeavours of the college in a lucid and attractive manner, but it also gives space and voice to certain deep-seated emotions, ideas, opinions and viewpoints of the students and the teachers.

FINISHING SCHOOL PROGRAMME

Finishing School Proramme is a new initiative. It is the modular programme developed by a group of teachers from various faculties. This programme is an exclusively in-house developed course which acts as a bridge between the college life and the professional life apart from enhancing the employability quotient of the outgoing students.

GENERAL STUDIES CIRCLE

This platform provides an opportunity to our young inquisitive minds to explore various genres of literature to get acquainted with the latest knowledge of wide variety of subjects. This enables them to sharpen their skills for performing better in their competitive exams as well as in their regular studies. The objective of this Circle is to let the students understand that gaining of knowledge and wisdom is an unending life-long process. These efforts, we hope, will promote reading habits among the students which in the present age of information and technology is vanishing at an alarming speed.

PHOTOGRAPHY CLUB

We, human beings, are always interested in recalling our happy moments. In fact, we always want to re-live those beautiful moments. Photography is a medium to capture our present with the intention to make it a part of our permanent memory. Our Photography Club provides a platform where our budding artists are trained to capture unforgettable moments in an artistic manner.

ECO CLUB

Though, Patiala is one of the best liveable cities with the lowest level of pollution, still we Patialvies are deeply concerned with the adverse effects of environmental changes. Deforestation is turning our beautiful forests into nude and ugly landmass. Intolerable level of emission of CO_2 by the industry, progressively increasing rate of growth of population and its immense burden on natural resources have led to global warming. As a consequence of this, our glaciers are melting and the sea level is rising, islands are submerging and increasing the pressure of population on coastal areas. Eco Club of our college keeps our students fully informed about these environmental changes and encourages them to act as eco - ambassadors.

HERITAGE SOCIETY

Patiala is a royal city and is popularly known as the cultural capital of Punjab. This city can boast of its beautiful Mughal and Rajasthani architecture, world renowned Patiala Gharana and Medal Gallery in Sheesh Mahal, its 18th century fort - Quila Mubarak - palaces and gardens. This city is also famous for Patiala Shahi Pagri, Patiala Salwar, Prandas, Nallas, Phulkari, Patiala Jutti and of course for Patiala-peg. Through this Society our endeavour is to make the young students aware of their rich heritage and draw inspiration to strive to reach those levels of perfection of their elders which made this city world famous. We want that our students should be proud of being Patialvies.

Education and Human Resource Development are the foundation of holistic development of a society. The tomorrow of a nation depends upon today's youth and their quality of life. In this context, it becomes imperative for the budding students to be extra-hardworking to keep pace with the fastly changing world of scientific revolution, Technological developments and of global phenomenon of knowledge explosion.

However, to translate the dreams and aspirations of the students into reality, the teaching community too has to play a very significant and constructive role. It is a matter of satisfaction that this institution is marching ahead, stead fastly, on the path of providing quality education alongwith professional communication skills and personality development much aspired for students of modern education. This institution also enjoys the privilege of having all the infrastructure required for getting and nurturing the full potential and Talent of our so precious youth.

It being my alma mater, I feel proud of this reputed and wonderful temple of higher-education. It gives me immense pleasure to congratulate the management, principal, faculty and students on the publication of the souvenir on the occasion of Golden Jubilee of this prestigious institution of the Northern India. I earnestly wish all success for this institute in future.

"THANKS MODI"

I am a B.Sc. graduate from Class of 1986. I feel proud to associate this college as a stepping stone of my career. During my student days, I started as a cartoonist for its annual print and wall magazines. I use to draw caricatures of various eminent people, including faculties and party leaders. Despite being a science student, I was always encouraged to pursue my skill and take it to next level. Even though I wasn't able to pursue science as a career, but the knowledge gained from this college helped me to give that realistic touch to my cartoons. With short of words, I wish to express my gratitude for my Alma mater.

It gives me an immense pleasure that Multani Mal Modi College, Patiala is celebrating its Golden Jubilee. I have sweet memories of the time spent in the College and the values inculcated in me have always acted as guiding spirit in my life. The college has lived the expectations and philosophy of its founders. The students who had the opportunity of studying at this College have achieved heights in their career and had brought laurels to the college.

I wish all the success to the Management and Staff of the College for the celebrations of the Golden Jubilee.

DR. GURBINDER SINGH

Registrar,
Thapar University,
Patiala

It gives me an immense pleasure in writing a message to the students of my Alma mater. I still cherish the fond memories of the days I spent at M.M.Modi College. After having done my matriculation, I joined the College in the year 1984, in the non-medical stream, with a dream of pursuing an engineering degree from a reputed College. My education at Modi College propelled me further as I joined Thapar University for pursuing Bachelors in Civil Engineering. Further to that I also completed my PhD from Thapar University Patiala and Masters in Tourism Administration and LLB from Punjabi University, Patiala.

Friends, the credit for my academic achievements lies in the formative years spent at M.M. Modi College. This is the campus which brought out the creative best in me. The years spent here taught me how to think more broadly, and how to consider ideas from outside my own imagination. I learned who I was, and I learned what I wanted to be. It was here only that I gained lifelong friendships, which I cherish even today. My education at the college taught me to be more considerate and humane. In brief, I would say Modi College did provide an excellent platform which opens up endless opportunities in making a career for life.

I take this opportunity to also thank the elite faculty & staff of M.M.Modi College who keep making huge contributions in enlightening the lives of their students.

GS CHANI KOHLI

I am indeed very blessed to have graduated from MMM Degree College (first batch) and also being the president of the Students Union. I have fond memories of wonderful teachers who mentored during my formative years. The college provided us great opportunities to learn to respect diversity of cultures, broadened our horizons, grow in life and connect with the society.

My Best Wishes for 50 years celebrations.

Multani Mal Modi College, Patiala

Today, M.M. Modi College Patiala is celebrating its Golden Jubilee. What a proud moment for all of us! Going down the memory lane, I get nostalgic .1973 was the year, when I first entered the pious premises of M.M. MODI College, my Alma Matar. The day is clearly & beautifully etched in my memory. Dr. H.R. Jindal was the Principal of college at that time, who was not only a good administrator but a teacher par-excellence. Due to his untiring efforts, college scaled new visible heights & became one of the most sought –after colleges. Dr. Jindal never compromised with quality & merit; best staff, best teachers & best students became part of this prestigious institution. The college has always been very encouraging to scholars as well as sport-persons. We excelled in almost in all the fields, as college extended help academically, materially & financially, on the basis of merit and no other consideration.

The moment of Deja-vu came in 1987, when I once again set my foot on the campus in a brand new Avatar, as a Teacher, my teachers became my colleagues , what a exuberating feeling. Prof. Surindra Lal was the Principal at that time, a thorough gentleman, an author & a researcher. The college took big leaps under his able guidance. Principal O.P. Vij lost his life to terrorism, but did not compromise with forces of extremism.

Dr. O.P. Dhiman & Dr. S.R. Sahni worked over time to bring the college back on track & back to its glorious past. It was during the Principal ship of Dr. Sahni that college expanded both horizontally & vertically. Many new courses were initiated. A new Dept. of computer Education & Information Technology was added, a new block exclusively dedicated to this Dept., constructed with State of the Art facilities. It was during the times of Principal Dr. S.K. Bhardwaj, that another feather was added to the already much adorned cap of Modi College; Post Graduate Courses were started. It fulfilled the much desired & long awaited & justified demand of parents, who did not want to break the umbilical cord, having savored best of educational experience here. Another brand new block was added for Faculty of Commerce during this time.

NAAC accredited the college with grade "A" and UGC Conferred the college with title of "College with Potential for Excellence (CPE)". This happened under the able, hardworking, innovative, young Principal Dr. Khushwinder Kumar, who provided impressive leadership. He has steered the college to such a position that today it is one of the leading colleges of Punjab.

I consider myself fortunate that I have been associated with this college, “The Modi College” since 1973, first as a student and latter as a member of faculty. I shall be falling in my duty if I do not mention the role of the Managing Committee of the college, which is totally non interfering but always supportive. I can safely say that M.M. Modi College Patiala has the best Managing Committee. Salaries are paid dot on time, cheque of my retiral dues were handed over to me on the very last day of my service. Not even once I had to ask for these dues. Teachers are respected and students are treated with love and affection.

Privileged are the once who are the part of “Modi College Happy Family” I thank my teachers my mentors , my colleagues , who helped me in so many ways and impacted my life.

I send my greetings and best wishes to the college from the core of my heart.

I am delighted to learn that my alma mater the "Iconic Multani Mal Modi College", Patiala is celebrating its golden jubilee this year. This college has been in the forefront for imparting quality education not only to the students of beautiful city of Patiala, but also to the students from surrounding districts of Punjab and Haryana. In addition to its excellent infrastructure, this college has always had great academicians as teachers.

I joined this prestigious college in 1979 as a pre-university student and had the privilege of being taught by great teachers like Prof. HR Jindal, Prof. Surindra Lal, Prof. Sood, Prof. Batra and Prof. Syal. I very fondly remember my time during my stay at Multani Mal Modi College and I feel the institution has played a tremendous role in shaping my career. I shall always be indebted to this college.

I extend my best wishes to the institution on this occasion and am sure that the college will maintain its lofty standards of education.

It is a moment of great satisfaction for me to know that Multani Mal Modi College, Patiala, an established academic institution of the region, is celebrating its Golden Jubilee Year.

I am the proud alumni of this college. I did my graduation (B.Com.) in 1978 from this college. I owe a lot to this college shaping my personality along with academics.

I am delighted to share that this college has always established new benchmarks in the field of both academic and sports. Punjabi University is always proud of the contribution made by its affiliated colleges in general and that of Multani Mal Modi College, Patiala in particular.

I extend my sincere congratulations to the management, principal, staff and the students of this college and wish that this college will continue to maintain its standards of excellence for ever.

It gives me pleasure to learn that Modi College, Patiala is celebrating its Golden Jubilee this year. Over the last 50 years, Modi College has done commendable work in providing quality education to thousands of students.

I spent two valuable years of my academic life in this esteemed college and I feel that the college laid the foundation for academic excellence later on in my life.

I sincerely hope that the college would continue to set highest standards of academic excellence in the years to come. I wish the Golden Jubilee celebrations all success.

REMEMBRANCE OF THOSE GOLDEN YEARS AT MODI COLLEGE

I am delighted to learn that the Modi College has completed fifty efficacious years of its purposeful existence and is celebrating with pride its Golden Jubilee, an event signifying a milestone in the life of an institution which is totally dedicated to the noble cause of promoting and imparting education and knowledge. And I am more than delighted to be asked to write a few words as a proud alumnus of this esteemed college which undoubtedly I am.

There is a huge crowd of memories and impressions in my mind, gathered during those golden five years (1990-95) of my youth which were very obediently spent in this college. And I can say with confidence that I was a good student always occupying front row of the class room. Why I was a good student? Perhaps, largely because I had the fortune and privilege to have some of the very best academicians as my teachers – Shri J.C Katyal, Shri Nirmal Singh, Shri Sharwan Madan, Smt. Sarita Kaul, Shri S.B. Mangla – to name a few. Certainly, I am no less indebted to the other teachers who taught me. Though more than twenty years have gone now since I stepped out of Modi College as a commerce graduate, yet I hear the coherent echoes of the words of wisdom uttered by my favourite teachers.

Those days spent in the classes and corridors of Modi College helped me to shape the later part of my life in a better way whether as a Master's student in Punjabi University, or working for first Industry and later on teaching in Management Institutes for a period of over a decade, and after that teaching in Punjabi University where I was a student long time back. My teachers at Punjabi University have become my respected colleagues and friends. The growth journey of my evolvement - as a student, writer, editor, researcher and as an academician - has been quite eventful and curvy. But thanks to the teachers of Modi College as they are the one who laid the foundation for my present day. As time and space are the constraints so I would limit my gratitude and tributes.

When we see around we see mushrooming of large number of educational institutions which are nothing more than degrees-selling-joints, lowering and degrading the values and standards in education day by day. And of course, I feel proud in conveying that since its inception, Modi College is in the vanguard of upholding the highest benchmarks of ethical teaching and professional conduct necessary to remain in this noble profession for a period of half a century. All the credit goes to the vision and direction of the management and staff. The past has been overwhelming and the present is more than promising. I can say this as I have, for a quite long period of time, been associated this way or the other with my alma mater and based on my personal interactions at various platforms with the learned Principal Dr. Khushvinder Kumar I know the college is in the able and right hands and moving consistently in the focused direction under his dynamic leadership.

Finally, thanks to technology, my class of 1990-95 is again united as a watsapp group. Time and again we share our past incidents and experiences of those days. To me Modi College is a splendid college, a place very near to my heart, and an institution which is par excellence and beyond any comparison. For it was at this college, I had the brightest days of my life.

Everyone says college life is the best part of the life and I came to know this when I joined Multani Mal Modi College, Patiala. This is the place where I learned a lot not only related to the syllabus but also about how to be good person. The teachers were very helpful and they always supported and guided me on the right path and helped me in taking some important decisions for my future. I'm audacious Et confident enough to combat the outside world because of the massive team of teachers who taught me. The experiences at the college prepared me to see beyond the narrow boundaries of own interest and discover global connections. It was the best part of my life and hope everyone have such a nice experience with the college.

SH. VIJAY INDER SINGLA

It was my good fortune to have been a student of Multani Mal Modi College, Patiala, during the period 1977-79. I had joined Pre-University (Non-Medical) class of this college after my CSC. At that time, the future of 10+2 system was rather uncertain and therefore I had chosen to complete my Pre-University and Pre-Engineering classes from this college.

I had happened to visit the college during the pre-admission period and had a very fruitful discussion with the then Principal Shri H. R. Jindal. Even if I had my inclination of considering any other college, the same evaporated owing to a very fruitful discussion that took place with Shri Jindal.

I owe to great deal to this institution which helped me to top Punjabi University, Patiala in the University examinations of Pre-University (Non-Medical) and Pre-Engineering.

I especially recall my deep regard and great love and affection for Professor Surindra Lal of Physics Department, who is now a Member of the Board of Management of the College.

The foundation built in this institution helped me to top the examinations of the Punjabi University, Patiala in all semesters in all branches combined, as an engineering student. I also owe a great deal to this college for my success in the IAS examination, and thereafter in Government Service.

I recall with love and affection my teachers and fellow students and wish this august institution all the very best.

When I joined Multani Mal Modi College, Patiala, I had lot of doubts but slowly with time everything was glued and it was all with the help of generous teachers of the college. I would like to acknowledge the efforts of all the teachers who helped me in every possible way and made my college life memorable. Today, as I am into carrying on with my profession, I would like to express my gratitude towards all the teachers and staff that guided me and encouraged me to be a better person and shape my life for good. Life at Multani Mal Modi College was an invigorating experience that paved the way for wholesome development of personality. The inspiring academic environment, the comfortable life in the college, the warmth and care of the Professors, and the competitive atmosphere of extra-curricular activities nurture the students to shine as leaders in their chosen fields. The alumni of Multani Mal Modi College are among the fortunate few who have had the opportunity to blossom in a cosmopolitan ambience amidst a rewarding academic environment. I will always cherish the moments and time spent in the college.

Multani Mal Modi College is known to have contributed to the society and country through the work its teachers' have done on their students.

At one point in your life, teachers replace everyone and everything you've ever believed in. They're the light you carry in dark tunnel till you get trained to face it on your own the tedious journey of a career making. Their values and teachings imbibed in us are as much a reality as breathing.

Thank you my Alma Mater for making a significant contribution to my life and career. I would particularly like to thank Prof. Surindra Lal who is the inspiration behind my writing. The talent was first explored by him. His words, "just write" help me produce one book after the other.

I sincerely wish the college keeps contributing in the same way and changes the fate of many individuals and thus the country.

My college days are unforgettable and in fact those days were the happiest days of my life. My warmest felicitations to the members of the family of Multani Mal Modi College, Patiala, for the continuous development of an enriching learning experience in the academic world. For the last 50 years, the college has been significantly at the forefront of developing human resources in this region, focusing on the challenges and responses to the academic and excellence development.

The alumni of the college are spread out across the world, holding positions of eminence. I would like to appeal to them to partake in the activities of the Alumni Association, as I am sure that the alumni can play a momentous role in institution-building. At this juncture, I would like to quote Steve Jobs, the co-founder and past CEO of Apple Inc., who has left an indelible imprint on the lives of the present-day youth. He writes, "Your time is limited, so don't waste it living someone else's life. Don't let the noise of others' opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition."

The noble endeavor that this college is doing is truly worth commending and I salute it for the continuous effort and commitment in the arena of quality education. It is a matter for pride for the city of Patiala to have this temple of learning temple. As a student, I am indeed grateful to have been a part of such an illustrious institution. I wish all the present and the prospective students of Multani Mal Modi College, Patiala, a great and a successful college life with a promising career ahead.

I look forward to an active participation from the alumni in all the events of the Alumni Association.

As all of us are aware, Multani Mal Modi College is an illustrious institution that has positively shaped the lives of those that entered its portals. It is a fountainhead of support to many students, who are in need of education and moral help, as much as it is a perennial spring of learning for other students. Multani Mal Modi College, Patiala, has been a crucial milestone in my journey. It has acted as a stepping stone for my success graph. The teachers were supportive and always kept a student oriented attitude. This provided great learning opportunity to students. The classes were guided by rational structured courses and cogent reasoning to understand the concepts and their applications. The college continues to strive to develop and nurture other aspects of the personality by conducting entrepreneurial, cultural and sports events. The college is always eager to provide quality education to its students. The efforts of the teachers and staff are really appreciable in this regard.

I remained a part of the Multani Mal Modi College family for more than three decades, first as student, and then, for 28 years as faculty member in the subject of History. I joined the prestigious Punjabi University, Patiala as Controller of Examinations and then as State Information Commissioner, Punjab, thereafter. I owe my gratitude to the college as I am what I am today due to the learning experiences that enriched me. I cannot forget my then college Principal, Dr. H.R.Jindal, who contributed a lot, not only in my life, but many other students and became an inspiration of my life. I will always remain indebted to my institution for earning me the comfortable and respected life I lead today. I am grateful to be a part of such an institution as a student first and then as a faculty member too.

Time to rejoice and relive!

Golden Jubilee of your Alma Mater is a landmark event - something to rejoice and celebrate! Time to relive some of the moments of past glory. More so when the institution has played a stellar role in overall development and getting the best out of you. For me this was the golden phase a my life!

I was at Sports College, Jalandhar before DPE Chimni Sahib made me join Modi College on Sport scholarship in second year of graduation. Life till then revolved around athletics, cycling and cricket. In next two years, three teachers, all Sharmas -- O.P., S.C. and J D sirs -- made this mediocre student realise my true potential in academics besides sports. By the time I was through with my final year of graduation sports exploits at State, Inter-University and Nationals apart, I had a cover story each to credit in 'The Illustrated Weekly of India' and 'Sportsweek' and a host of reports and features in 'Youth and Sports'. A Sports journalist was born! Icing on the cake was sharing top academic honours in English Literature with Nirmal Kumari, the studious of the entire humanities lot, in the University exams. Transforming experiences were provided by interactions with Nirmal's brother, Prof Surindra Lal, the head of Physics Department, through my sister Neena.

Net result was a balanced approach to sports and studies and a definite realisation on future career as a sports journalist that later took a turn towards Political reporting and finally academics. High points have been Haldi Ghati Award for Fearless reporting and quoting of my reports by Nobel Laureate Sir V S Naipaul in his book 'India - A Million Mutinies Now'! Hats off (turbans in my case) to Modi College, the institution that made me what I'm today!

SH. ANIRUDH TEWARI, IAS
Principal Secretary,

Department of Finance, Chandigarh.

I am happy to know that the Multani Mal Modi College, Patiala, where I studied, is bringing out its Souvenir on the occasion of Golden Jubilee celebrations.

The Golden Jubilee Celebrations of any temple of learning is a joyous occasion and when the institution is your own alma mater, the joy is multiplied many times over. The College has seen through its portals a long line of brilliant students, many of whom have gone on to achieve great heights in their chosen profession.

If Multani Mal Modi College, Patiala, what it is today, it is because of the excellent men and women who have staffed the College over the past fifty years. It is a matter of pride that students, alumni and staff are working in coordination for the success of the institution.

It has been priviledge for me to have studied here and I am grateful to all my teachers, who were not only great academicians but wonderful human beings as well. Thank you all !!

I extend my warm greetings and felicitations to all those associated with the College and wish the Golden Jubilee celebrations all success.

I am greatly proud of being an alumnus of this great institution: M M Modi College. I cherish many golden memories of my college days including the ones when we used to participate in various academic and co-curricular activities, have fun in the corridors and relish food items with friends in the canteen.

I am beholden to all my respected teachers for their guidance during my formative years. I am grateful to Prof. Baljinder Kaur in particular, with whose motivation and persistent efforts, I was able to convince Dr. S. P. Singh Oberoi to start a scholarship for the needy and meritorious students under the aegis of 'Sarbat Da Bhala Trust'. I am happy, at present; this scholarship is helping many deserving students of this college to pursue their higher studies. In future also, I shall be glad to serve my alma-mater for any noble cause.

My best wishes on the Golden Jubilee Celebrations and I hope that M M Modi College will celebrate many more Jubilees in the coming years.

Any institution that has its root in traditions, enjoys immortality and vitality, because of its deep foundations, expert guidance and blessings of the founders, their magnanimity, generosity and philanthropy. And, we here at Modi College are blessed with these benedictions beyond limit-Breathing the air of Independence from the very beginning till date, with the cautionary glance and guidance of our elders and superiors.

Being a 'Modiite' is a matter of extreme pride as the word 'Modi' is synonymous with certain fine superior values of life. 'M' stands not only for Morality but Modernity and Movement, Progressive Ascendence from the Traditional to the Modern. 'O' stands for Orderliness within the realms of Decency. 'D' signifies Diversity, Dedication, Development and Devotion and 'I' is significant of Initiative Intellect, Integrity and Industry.

Trailing back the memory lane, my association with the Institution from July 1972, (as a student) to (1982-2017) as a member of the faculty, has been great and wonderful. I salute my ALMA-MATER and wish good luck, prosperity and a secure future. May it touch the Zenith of the Sky and grow till infinity, progressing by Leaps and Bounds every moment.

It gives me immense pleasure to write about my institution after 30 years of graduation. It feels proud to be a part of the MM Modi college community. I congratulate the principal, faculty and office bearers of the old student association for organising the alumni meet 2017.

I believe with my entire heart that deep rooted college management combined with dedicated faculty members has made this college stand out as an institution of national reckoning. I am sure that my college shall continue to produce high quality citizens who are ready to face the challenges of life and work.

DR. ASHOK KUMAR MALIK

I am very proud of being alumnus of M. M. Modi College, Patiala a great Institution of north India and of Punjab. I did my BSc in 1985, which gave a strong foundation for my further studies for MSc, PhD and postdoctoral researches as Alexander von Humboldt, Bonn, Germany Foundation Fellow and also as award of Senior executive Research Fellowship in 2018 in India and foreign countries like Spain, Germany. I have fond memories of my mentors of my decisive years of my career. The college provided me the opportunities to grow academically and socially by broadening my views of life and respect humanity. I am happy to see that the college is growing day and night. I will always remain indebted and thankful to my Alma mater.

किसी भी शिक्षण संस्थान की उपलब्धि यह रहती है कि उसे उसके विद्यार्थी एक आध्यात्मिक स्थल की तरह स्मरण करें। जहां अनायास उनका मन नत्तमस्तक होने को हो। जहां की स्मृतियों में उन्हें पल–पल अपने व्यक्तित्व के विकास की पदचाप सुनायी पड़े। जहां उन्हें पवित्रता की गन्ध वर्षों बाद भी महसूस हो। ऐसा बहुत कम होता है। किन्तु जहां के विद्यार्थी ऐसा महसूस करें, निस्संदेह उस संस्थान का महत्त्व स्वयंसिद्ध हो जाता है। सन् 1974 में जब इस संस्थान में प्रवेश किया, नहीं मालूम था कि जीवन की दिशा क्या होगी ? धीरे–धीरे शिक्षकों की प्रतिबद्धता ने इस मिट्टी के लौंदे को अपने हाथों से आकार देना प्रारम्भ किया, रूप देकर उसे भट्ठी में तपाया, पकाया और टनकाकर समाज को हस्तांरित कर दिया। उसी रूप को लेकर जीवन में आगे बढ़ता रहा और समाज भी उसका मूल्य डालता रहा। जीवन की इस जययात्रा का अतीत आज पुनः ताज़ा हो गया। सबसे सुखद स्थिति यह रही कि भारतीय संस्कृति में जिस ऋषि ऋण की बात की गई, उसके अंतर्गत ज्ञान के यज्ञ को आगे बढ़ाने के लिए, अपने दायित्व का निर्वाह करते हुए और उक्त ऋण से उऋण होने की प्रक्रिया में अपना विद्यार्थी शिक्षक के रूप में इस संस्थान को दे सका।

आज इस पावन अवसर पर मैं व्यक्तिगत रूप में इसके और भी विकास की कामना करते हुए अपनी भावांजलि अर्पित करता हूँ।

It is a moment of great elation that my alma-mater has completed 50 years of spreading knowledge and making people like me to be able to say with pride that I was a student of this great temple of learning. When I joined M. M. Modi College, Patiala in 1987, I also had the apprehensions of a student moving straightaway from a school to a college of such repute. But the environment and the faculty there ensured that every student's stay in the college became memorable for the rest of the life. Every visit to my college fills me with pride that I graduated from this college. The development it has made and its contribution to the spread of education is immense and has established it as a premier institute of this part of the country. I pray to the Almighty that my alma-mater continues to enlighten the lives of its students till eternity.

It is a matter of great pleasure for us to celebrate the Golden Jubilee of Multani Mal Modi College, Patiala, one of the most reputed educational institutions of this city. As an alumnus, first president of the students' council and best NCC Cadet, I feel more involved in this celebration because we have seen this college for the last 50 years from the closer quarters and am proud of its popularity and success in the field of higher education.

The teachers of this college have always been very learned and dedicated but I must mention the names of Dr. (Mrs.) Shanti Khanna and Prof. Chatterjee who made perceptible contribution in my career.

I must congratulate the Principal, Staff and the students of this college on this occasion and also wish great success in the years to come.

BRIGADIER (DR.) S. S. PARMAR

Ex-Student of Modi College, Patiala
(Former Deputy Director-General, Directorate General of Military Training, Integrated Headquarters (Army), Ministry of Defence, Sena Bhawan, New Delhi.)

I am proud of our Alma-mater founded in 1967 in the sacred memory of Rai Bahadur Seth Multani Mal Modi Ji, indeed a pole-star amongst the Galaxy of Colleges in North India. The conducive environment of the college inculcated the 'attitude of gratitude' and facilitated an all-round growth and development of my personality by channelizing the latent talent through a blend of NCC, student-leadership, sports activities with special emphasis on dignity of labour and punctuality, which made me resistance-free and drag-free personality with 'Positive Mental Attitude'. Our Alma-Mater taught us to dream big and convert them into reality with constant hard work, focused approach and realistic perception.

I am indebted to the institution for having provided me an opportunity as Senior Under Officer of NCC to present Guard of Honour to His Excellency Dr. D.C. Pavate, the Governor of Punjab, on behalf of the Punjabi University, on the occasion of its 7th Annual Convocation. The college also provided supportive environment to satisfy the deep rooted desire of adventure by undergoing training in 1969 at Himalayan Mountaineering Institute (H.M.I.) Darjeeling under the Directorship of Shri Tenzing Norgay – the first ever climber of the Mount-Everest at global level. The college gave me special chance to serve the student community as 'President of the Students Union' of the "First Graduates Batch" (1969-70) and also laid the foundation of doing M.Sc. (Physics) and serve the Indian Army as a Commissioned Officer with distinguished Career for over thirty three years.

The College facilitators especially Prof. Surindra Lal Ji, Prof. R. S. Pawan, Prof. H. S. Chimni and Principal Dr. H. R. Juneja Ji left an everlasting effect on my life and always worked as a guiding star.
I wish the college fraternity 'Best of Luck' for a very bright future on the occasion of Golden Jubilee Celebrations.

DR. KAWALJEET SINGH

Director,
University Computer Centre,
Punjabi University, Patiala

Multani Mal Modi College, Patiala, my alma-mater, is celebrating Golden Jubilee, and it is a matter of great pride for every student of this college. I studied in this college during 1981-1983 and can vouch for the fact that this college has state-of-the-art infrastructure and an experienced and learned faculty in this part of the state of Punjab.

This institution has always been the first one to introduce new courses and prepare the students thorough projects and workshops and make them more employable in the industry.

The Principal, Staff and Students of this college deserve appreciation for their commitment and innovation in the field of education. I wish them great success.

INTERNATIONAL WOMEN'S DAY
NSS cadets of MM Modi College hold rally
Men make roads, but it is the women who teach the children how to walk on them.
HT Correspondent
PATIALA: As many as 500 NSS cadets of MM Modi College organised an awareness rally to celebrate international women's day on Monday.
A social activist and deputy medical superintendent at government medical college and hospital Dr Harshinder Kaur along with college principal Dr Khushvinder Kumar flagged off the rally.
While addressing the gathering, Kaur said evils like domestic violence, female foeticide, rape, illiteracy and gender inequality should be eradicated by awareness among youngsters.
She stressed that students should remain conscious about their overall development.
A woman can do a lot in its progress.
Dr Khushvinder said that the women empowered only through proper education.
He said there was need to change the mindset of the male dominated society so that women can get equal and opportunities.
